Give me that (x4)

You can give me something  
Like I've never have before  
To your charms I could surrender  
If you do the right thing  
I'm gonna love you even more  
I don't say forget the lust  
But my heart you must remember

Something in the air  
Made me feel that you are getting near  
Man like you  
Was my dream but now I've got you here

I've been waiting for you  
'Cause I believe in love at first sight  
Listen to me and everything is gonna be all right

You can give me something  
Like I've never have before  
To your charms I could surrender  
If you do the right thing  
I'm gonna love you even more  
I don't say forget the lust  
But my heart you must remember

You're a naughty boy  
It seems that my words still pass you by  
Can't you see  
There is more to me than meets the eye

I've been waiting for you  
'Cause I believe in love at first sight  
Listen to me and everything is gonna be all right

Give me that(x7)

Oh baby let's stay together  
'Cause we're made for each other's arms  
Let be smile on ever

There's no one I would rather

You can give me something  
Like I've never have before  
To your charms I could surrender  
If you do the right thing  
I'm gonna love you even more  
I don't say forget the lust  
But my heart you must remember

Give me that (x11)  
I don't say forget the lust (x2)
