Father, I didn't really know you
Mother, you are so very far away from me
Hopeless birthdays made me cry
My heart kept saying, "It's all right"
Obviously that's how it was meant to be

Now I know
There was a reason for it all
And I am not lonely anymore
I got my reward, that's why I am loved

I have you, a lover and a friend
You are everything I need
You are the sun, the air I breathe

Without you, life wouldn't be the same
Please never go away
And if you go then don't forget
To take me with you

The love that I gave was used against me
Honesty seemed a foreign
And old-fashioned word

Maybe I just don't understand
'Cause I'm a stranger in this land
Even friends failed
To make me feel at home

Now I know
There was a reason for it all
And I am not lonely anymore
I got my reward, that's why I am loved

I have you, a lover and a friend
You are everything I need
You are the sun, the air I breathe

Without you, life wouldn't be the same
Please never go away
And if you go then don't forget
To take me with you

You are my reward
You are my reward

Now I know
There was a reason for it all
And I am not lonely anymore
I got my reward, that's why I am loved

I have you, a lover and a friend
You are everything I need
You are the sun, the air I breathe

I have you, a lover and a friend
You are everything I need
You are the sun, the air I breathe

Without you, life wouldn't be the same
Please never go away
And if you go then don't forget
To take me with you

You are my reward
You are my reward
You are my reward
