What in the world was that?  
It nearly knocked me out.  
Man, here it comes again,  
It's gonna spin me 'round.  
It's got me crawling,  
But that's cool.  
Cause I'm gonna crawl to you.  
It's got me crying,  
But that's cool.  
Cause I'm gonna cry to you.  
I'm gonna cry to you.  
Somebody lock the lock  
Before it kills my mind.  
Somebody stop the shock,  
I'm gettin paralyzed.  
It's got me crawling,  
But that's cool.  
Cause I'm gonna crawl to you.  
It's got me crying,  
But that's cool.  
Cause I'm gonna cry to you.  
I'm gonna cry to you.  
Everything'll be just fine.  
What in the world was that?  
It nearly knocked me out.  
Man, here it comes again,  
It's gonna spin me.  
It's got me crawling,  
But that's cool.  
Cause I'm gonna crawl to you.  
It's got me crying,  
But that's cool.  
Cause I'm gonna cry to you.  
I'm gonna cry to you.  
What in the world was that?
