Here's to Him, my Guardian

There He is, He moves faster than light  
His body holds tremendous might  
His face doth shine ever so bright  
His enemies tremble with fright

Jesus is my Superhero, once He died for me  
I'm his trusting sidekick, we will beat the enemy  
It's God-Man

There He is, He labors day and night  
Somehow, I'm always in his sight  
Without a doubt He'll do what's right  
With any foe He'll win the fight

Jesus is my Superhero, once He died for me  
I'm his trusting sidekick, we will beat the enemy

Evil's on its way  
But my Savior's here to save my day

Jesus is my Superhero, once He died for me  
I'm his trusting sidekick, we will beat the enemy  
It's God-Man
