Here's to him my guardian  
There he is  
He moves faster than light  
His body holds tremendous might  
His face doth shine ever so bright  
His enemies tremble with fright  
Jesus is my superhero  
Once he died for me  
I'm his trusting sidekick  
We will beat the enemy  
There he is  
He labors day and night  
Somehow i'm always in his sight  
Without a doubt he'll do what's right  
With any foe he'll win the fight  
Evil's on it's way  
But my savior's here to save my day
