And there's so many fish in the sea  
But we could float if that's what you want  
Oh, 'cause baby you seem too good to me  
I don't want to know what what life would be  
If you ever wanted to go  
'Cause they're throwing us lemons  
And we're squeezing them into our cups  
Whoa, and drinking it up

Boy you got just what I want  
I'm not going a place without your heart, whoa  
And girl you're my sun-shiny day  
You'd take my life away  
If you ever wanted to go

We are two peas in a pod  
But we can break out if that's what you want  
There's too many stars in the sky  
But they can't shine like you can shine  
And I hope that you'll never leave

'Cause they're throwing us lemons  
And we're squeezing them into our cups  
Whoa, and drinking it up

Boy you got just what I want  
I'm not going a place without your heart, whoa  
And girl you're my sun-shiny day  
You'd take my life away  
If you ever wanted to go

You're the match to my candle  
You're the scrape to my knee  
And you're what makes it better  
Than better could ever be  
Than better could ever be

Boy you got just what I want  
I'm not going a place without your heart, whoa  
And girl you're my sun-shiny day  
You'd take my life away

If you ever wanted to go
