It's been too long  
Since I've been home  
I can't help but  
bringin up a memory  
of you and me  
whoa

Once you opened up  
and let me in your polaroid  
couldn't wait to wake up  
put on my makeup  
and hope that you would stay  
i just hoped that you would stay

### CHORUS

I cant shake you off of me  
and i cant be here  
and help but think  
that you should be next to me  
i scream your name  
i dont know why i care  
oh i'm still here

it's been too long  
since you been in my arms  
and even though i know  
you're the one  
i feel space tween  
you and me  
you and me

cause once we opened up  
and let them see who we were  
couldnt wait to wake up  
put on my makeup  
and hope that you would stay  
i just prayed that you would stay

### CHORUS

why would you set stone?  
if you dont really love me-

baby its so cold  
i gotta let you go  
cause you dont really love me  
and it's apparent every time i come back home  
and ooh  
i'm gonna be alone forever  
i just need to breathe  
let me breathe again  
let me see it when  
i gotta see you  
i gotta see you again  
CHORUS
