One foot in my grave
I was fit to be tied
took a look at my life
why am i so afraid?

then you said my name
and i was yours from that time
you put your hand in mine
i'll tell you what im gonna do whoa

Then you said you'd take me away
take me along with you boy we're on our way
it's just fate i suppose
and i'll never need to know if we're gonna make it
cause we're one
one in the same

i'll count the reasons why
i should count on the day
you'll look in my eyes and say
this love
it just dont feel right
and i'll wipe your eyes
and say baby dont cry

cause i had you this time
and im gonna
im gonna be alright

Then you said you'd take me away
take me along with you boy we're on our way
it's just fate i suppose
and i'll never need to know if we're gonna make it
cause we're one
one in the same

i'll spend my life
fall in love with you
its not wasted
love's in our favor

Then you said you'd take me away

take me along with you boy we're on our way
it's just fate i suppose
and i'll never need to know if we're gonna make it
cause we're one
one in the same
