went and walked out on the first day
all that i could say was hello hello
and when i think about the last thing i thought i wanted
a hey hey hello, well hello

cause we wont go a single place
if i didnt want it to
but i want this

look up cause
im falling on you fast now
and im not gonna stop myself
look up cause
nothings gonna be held back now
or else, or else

my god ive never seen this coming
i want your lights turned away
down low down low
where are we going when youre running
pushing me ahead hey down low below

cause we wont go a single place
honey you never wanted this
but i want you

look up cause
im falling on you fast now
and im not gonna stop myself
look up cause
nothings gonna be held back now
or else, or else
or else

youre tearing down your world
but honey youre on top of it to everyone
and ill be at home
when your waves come crashing down

look up cause
im falling on you fast now
and im not gonna stop myself

look up cause
nothings gonna be held back now
or else, or else

a hey hey
or else, or else
