Attention

This is Basic Element

Guess what?

We're back again

We're gonna rock the world !

We stand up united, we're fighting as friends

We'll be there tomorrow, yeah right to the end

Freedom, we're talking 'bout freedom

We walk through the fire, we walk through the rain

The kind of desire that does never fade

Freedom, we're talking 'bout freedom

(Chrous)

We're gonna rock the world and make the goal

We're gonna shock the world, we're gonna rock all the world tonight

We're gonna rock the world and get it right

We're gonna rock the world and make the goal

We're gonna shock the world, we're gonna rock all the world tonight

We're gonna rock the world and get it right

Everybody go down, everybody go down, everybody go down,

To back up my heat!

Everybody go down, everybody go down, everybody go down,

To back up my heat

Every-every-body-body go-go down-down,

Every-every-body-body go-go down-down,

Every-everybody go down, everybody go down, everybody go down,

To back up my heat

Everybody go down, everybody go down, everybody go down,

To back up my heat

Everybody go down, everybody go down, everybody go down,

To back up my heat
We're gonna rock, we're gonna rock the world
Everybody go down, everybody go down, everybody
go down,
To back up my heat

(Chorus) x2

We stand up united, we're fighting as friends
We'll be there tomorrow, yeah right to the end
Freedom, we're talking 'bout freedom
We walk through the fire, we walk through the rain
The kind of desire that does never fade
Freedom, we're talking 'bout freedom

(Chorus)

We're gonna rock the world !
