"W

To double you would be cool.
Cuz there's nothing you can do.
When you're one - not much fun
And silence weighs a ton.

Dolly-up.
There is more than what you see.
Watch the world revolve around the other you.
And then you slip away and laugh at what you do.

If I could double me, I'd make three.
But then I'd need a referee.
So how about four or maybe more.
Look out - I'm gonna rule the world.

Double-up.
There is more of me than you.
Watch the world revolve around your third-eye view.
And then you slip away and laugh at what they do.

What's up with you now?
I double you now.

Your DNA is alright.
Your DNA will do fine.
C'mon let's have a good time.

Dolly-up.
There is more but not for you.
Watch the world dissolve because there is no room.
No more double me and no more double you.

Argh."
