Voices haunt me
Here alone
Gently call me
To come home

Dreams are with me
From the past
They must guide me
They must last

Doubts and darkness
Cloud the way
I will make the journey
I will find a way

All the places I have gone
All the battles I have won
All the rivers I have run
Coming home

All the places I have gone
All the battles I have won
All the rivers I have run
Coming Home

Seasons changing
Skies of grey
Years of waiting
Fade away

Doubts and darkness
Cloud the way
I will make the journey
I will find a way

[X4] All the places I have gone
All the battles I have won
All the rivers I have run
Coming home

All the rivers I have run...
