Everybody got someone that they never forget to turn  
the road with no regret  
a long gone love that nerver lost it's shine  
Everybody got that one that wonts fade away  
thats keeps on taking you back to those days  
a memory that wont be left behind  
and you are mine

You show up in the strages places  
But I haven't seen you been a lifetime of youth  
It ain't a sorrow to see you face as  
Just long enouth to make me smile and then you  
disappear

Everybody got someone that they never forgett to turn  
the road with no regret  
a long gone love that nerver lost it's shine  
Everybody got that ones that wants fade away  
thats keeps on taking you back to those days  
a memory that wont be left behind  
and you are mine

Just some times I wanna hear you laughin'  
But I couldn't call you even if I wanna to  
Last they heard you were in Cincinnati  
or Dallas, Los Angeles, I don't have a clue

Distants count as missing you

Everybody got someone that they never forgett to turn  
the road with no regret  
a long gone love that nerver lost it's shine  
Everybody got that one that wants fade away  
thats keeps on taking you back to those days  
a memory that wont be left behind  
and you are mine

No it's not an every day thing  
what its gone it's in the way thing

but, Everybody got someone that they never forgett to

turn the road with no regret  
a long gone love that never lost its shine  
Everybody got that one that wants fade away  
that keeps on taking you back to those days  
a memory that won't be left behind  
and you are mine

and you are mine
