1 2 3 4 5 miles away
If you go any further I mite just go insane
Girl if we keep this up I don't think we gon' last
BecuHz I need to know that you gon be here in a flash
Now it's 6 7 8 9 please don't go to 10 & I know it's crazy
But I feel like I won't see you again
Though were not to far apart
I just wish we could be closer
Than we are already girl is there a way

Travel in a car or fly up in a plane
Take u boating to the ocean riding on the waves
BecuHz the miles is seperate us
It's never gonna create us
Baby girl we needa find a way
(girl we needa find a way)

BecuHz of this is between us is getting longer
I wanna be stronger, but without you here
Or at least closer to me
I just want you baby
Girl we needa find a way
(woah-oh)

Girl tell me wats up aint nothing different
I thought you were gonna try baby but you didn't
Is it something that I needa do for you
Or is it only the fact that you aint gon' be true no
We past 11 12 now were up to 20
Girl you know the time I pulled it through it was plenty
Now it just seems becuHz now I'm hearing no please
You try to show me something I know I cannot take

Travel in a car or fly up in a plane
Take u boating to the ocean riding on the waves
BecuHz the miles is seperate us
Is never gonna create us
Baby girl we needa find a way
(girl we needa find a way)

BecuHz of this is between us is getting longer
I wanna be stronger, but without you here

Or at least closer to me
I just want you baby
Girl we needa find a way
(woah-oh)
