This is love  
This is peace  
This is the sound of new spring's melody  
This is understanding  
This is uplifting, lifting life

This is hatred  
This is war  
This is the sound of a thousand thunder storms  
This is confusion  
This is heart breaking, breaking life

(CHORUS)  
I have climbed mountains  
Crossed these canyons of pain  
On this journey home

This is joy and this is hope  
This is a thread for the torn and broken soul  
This is tragic  
This is breath-taking, taking life

It's hard to understand it  
Here on the other side  
But when I listen closely  
I can hear the sound of hope

(CHORUS)  
I have climbed mountains  
Crossed these canyons of pain  
On this journey home

Chasing daylight  
Holding hope as my pace  
On this journey home  
On this journey home

To the shadow of the valley's floor  
To the darkness my heart fell victim

I kept my head turned to the right  
So all this pain might pass me by

And almost missed it

Standing at the grave where death  
Would fight to break all hope away  
I found direction

(CHORUS)

I've climbed mountains  
Crossed these canyons of pain  
On this journey home

Moving forward  
Letting the pain of our past reveal the way  
On this journey home

I'm on this journey home  
On this journey home
