Someday I hope to say I tried everything I could
Iâ'm not sure I won the war, but you never fought so
good
Should I take a longer view?
Should I take my time and follow through?
Itâ's all I can do to keep breathing....

Cho.
Is somebody out there to keep me in the fight?
Is somebody out there to take my side?
Is somebody out there to ease my troubled mind?
Â'Cause I need someone with time to spare
I get caught all alone out there everytime

I find no room to grow when I look inside my soul
But I swear, there was something there that somebody
came and stole

Same cross, different day
You get lost somewhere along the way
When thereâ's no one left to believe in
Cho.

Same cross, different day
You get lost somewhere along the way
When thereâ's no one left to believe in you

Is somebody out there to keep me in the fight?
Is somebody out there to take my side?
Is somebody out there to ease my troubled mind?
Â'Cause I need someone with time to spare
I get caught all alone out there everytime

Iâ'm easy to find
Donâ't leave me behind
Donâ't leave me behind
No...
