It falls apart right in front of me, broken in ten million pieces

The life I thought that I could handle on my own
Has left me on my knees right before Your throne
again

Every time I need You, You are always there
Every time I call Your name, You let me know You care
In the midst of my darkest day, You were there to light
my way
You're here with me

You bring me back time and time again
I stand in wonder of Your love
You've been so faithful to me; You've been my closest
friend
And now I rest in knowing, I'll never be alone, I'm never
alone

Every time I need You, You are always there
Every time I call Your name, You let me know You care
In the midst of my darkest day, You were there to light
my way
You're here with me

You're here with me, You're here with me
Every single time I find myself in something, You know
what I need
When I'm crying out for help, You're there for me
I need You, every time YEAH
