Uncertainty screams at me it calls me out
It steals my peace, who am I in this crazy world?
What can I offer You? But You said I am something
more
You give me breathe to sing

I was made to worship You with all my heart
I was made to sing these songs of praise to You
To worship You I was made, I was made

My every thought, my every breathe
Wants nothing more than to praise You
All I have is what You give, that's all I can offer
You
You give me life, You give me hope, I know why
I'm alive

I was made to worship You with all my heart
I was made to sing these songs of praise to You
To worship You

I was made to be willing, I was made to be giving
All that I am, to be lifting up Your name

I was made to worship You with all my heart
I was made to sing these songs of praise to You
To worship You

I was made to worship You with all my heart
I was made to sing these songs of praise to You
To worship You, I was made

To worship You, I was made
To worship You
