Like a bullet, like a bullet to a gun
Like a barrel, an empty barrel still a drum
Dirty dozen, be it roses of thorns
I'm fatally yours

Like a gunshot by any name is still a sound
Though it rattles when it tears love to the ground
Can you hear it?
Saying I'm fatally yours

Wherever you go, wherever you go
My heart in chains, it follows you wherever you go
Wherever you go, whatever you do
My heart your shadow, it has to follow, follow you

Like a raindrop, as it tumbles from the sky
Lonely teardrops as they trickle from my eyes
When I miss you makes me fall even more
I'm fatally yours

Like a target, with an arrow on its way
Like you shot me in the heart and walked away
Still the feelings that my heart just can't ignore
I'm fatally yours

Wherever you go, whatever you do
My heart your shadow, it has to follow, follow you

A dangerous game we played with love
The scars it left upon my heart
And though it shouldn't be, yet my heart still follows
you

Wherever you go, wherever you go
My heart in chains, it follows you wherever you go
Wherever you go, whatever you do
My heart your shadow, it has to follow, follow you

Like a gunshot by any name is still a sound
Though it rattles when it tears love to the ground
Can you hear it?

Saying I'll always be yours
