I memorize it that you like it rough
I thought you cared about me, guess you had enough
I knew I loved you baby way too much
But now the student teaches

Screaming, all around you drive me crazy
It's up it's down it's yes no maybe
I'm on the ground, you got me baby
I shoulda seen it coming

It started at the disco
Your body's smoking like a pistol
I knew it wasn't love (she's spinning, in my head)
I knew it wasn't love love love love love love
It started at the Disco

Always thinking you and me would last
But now I'm watching all that sand slip through that
glass
It's such a shame that we were done so fast
Should have seen it coming

Screaming, all around you drive me crazy
It's up it's down it's yes no maybe
I'm on the ground, you got me baby

It started at the disco
Your body's smoking like a pistol
I knew it wasn't love (she's spinning, in my head)
I knew it wasn't love love love love love love
It started at the Disco

It started at the disco
Your body's smoking like a pistol
I knew it wasn't love (she's spinning, in my head)
I knew it wasn't love love love love love love
It started at the Disco

What's that line you told me, that I'm your one and only
Woah-oh-oh
Never telephone me 'cause I can tell a phony
Ooh, she's working

What's that line you told me, that I'm your one and only
Woah-oh-oh she's working
Never telephone me 'cause I can tell a phony
Woah-oh-oh she's working

It started at the disco
Your body's smoking like a pistol
I knew it wasn't love (she's spinning, in my head)
I knew it wasn't love love love love love love

It started at the disco
Your body's smoking like a pistol
I knew it wasn't love (she's spinning, in my head)
I knew it wasn't love love love love love love
