So, so, so, so, so over you

It's a bad dream, that I can't wake up from
It's a good thing, that I can't give up on
And I know that there's a secret that you're trying to keep
And all the late night crying keeps you fighting for sleep

You think I don't know that he's between those thighs
I watch him walk out with those guilty eyes
And he's another little secret that you're trying to keep
I hope that late night fighting sends you crying

I'm so-o-o so over you
I know-o-o there's nothing you can do
So do-o-on't don't shut your eyes
I hope your drowning all the lies that you've been telling

(So-o-o-o-o over you)

It's to late, to pretend you want me
You're so two face there's no spark to shock me
And I know that there's a secret that you're trying to keep
I ho-o-ope it keeps you crying

I'm so-o-o so over you
I know-o-o there's nothing you can do
So do-o-on't don't shut your eyes
I hope your drowning all the lies that you've been telling

Stutter, stutter, stutter, why don't you try and find
another, nother, nother
To choke on your lies
I'm so-o-o so over you

I bet you could have done a little bit better
So I believe it's that time for you to be together
This is where the movie starts to end

I'm so-o-o so over you
I know-o-o there's nothing you can do

I'm so-o-o so over you
I know-o-o there's nothing you can do
So do-o-on't, don't shut your eyes
I hope you drown in all the lies that you've been telling

Stutter, stutter, stutter, why don't you try and find
another, nother, nother
To choke on your lies

I'm so-o-o so over you
So, so, so, so, so over you [repeat]
