Behind your eyes there's nothing there
Behind that smile that they can stare
She'll tell you that only she can take you there
That girl will break your heart, I told you from the start

That girl is simply poison on the dart
I know her lies are razor sharp
She can help you when she's in the dark
You're making it so easy, 'cause you won't believe me

When I say she's dancing on gravity
I'm saying you should turn back now
So standing on gravity
I'm saying you should turn back now

If she says she loves you she's wasted
(Be aware) and that's the way she plays it
If it's love it's just for the weekend
(She don't care) damn that girl is weightless

Lift you off the ground (so she can drop you down)
Lift you off the ground (so she can drop you down)
Lift you off the ground (so she can drop you down)
Damn that girl is weightless

It's like her head is in the clouds
And yet her feet are on the ground
She drew you up to spit you out
You act as if it's nothing, you laugh as if I'm bluffing

When I say she's dancing on gravity
I'm saying you should turn back now
So standing on gravity
I'm saying you should turn back now

If she says she loves you she's wasted
(Be aware) and that's the way she plays it
If it's love it's just for the weekend
(She don't care) damn that girl is weightless

Lift you off the ground (so she can drop you down)
Lift you off the ground (so she can drop you down)

Lift you off the ground (so she can drop you down)
Damn that girl is weightless

She'll take you, she'll break you
She'll leave you on and on like
C'mon c'mon don't wanna say I told you
C'mon c'mon don't wanna say I told you so

I tried to, to warn you
You're in the danger zone
C'mon c'mon believe me when I say this
C'mon c'mon damn that girl is weightless

If she says she loves you she's wasted
(Be aware) and that's the way she plays it
If it's love it's just for the weekend
(She don't care) damn that girl is weightless

Lift you off the ground (so she can drop you down)
Lift you off the ground (so she can drop you down)
Lift you off the ground (so she can drop you down)
Damn that girl is weightless
