Hey boy now what's your problem?
With those hips she can solve them.
Her eyes giving you the notion,
Going through the motions,
Lacking all devotion.

It started with a kiss,
A target we were guaranteed to miss.
Sat against the western skyline
On the fourth of July
The fire in her eyes.
Ignited by the fireworks,
I'm lovin' all the dirty looks
That your boyfriend has been giving me all night.

Oh, oh, oh, I think that he knows.
Lock lips and pull me in your hips tonight.
He's out of site out of mind it and shows wherever we
go,
I know it's eating him inside
When he's not around.
Girl you know we get...

Together every other weekend,
Dress to impress in the latest trends
That we she'd behind closed doors.
She takes, one shot to loosen the tension,
Two shots reveals her intentions,
Silly boy should have learned his lesson.
Cause' Three more and she's on the dance floor
Where we get lost in the crowd.
She seems like...

Oh, oh, oh, I think that he knows.
Lock lips and pull me in your hips tonight.
He's out of site out of mind and it shows and wherever
we go,
I know it's eating him inside
When he's not around.
Girl you know we get down.

We get DOWN!

Oh, oh, oh, I think that he knows. (4X)

One lie is twisting, Don't try to hide it.

Oh, oh, oh, I think that he knows.

Lock lips and pull me in your hips tonight.

He's out of site out of mind and it shows wherever we
go,

I know it's eating him inside

When he's not around.

Girl you know we get DOWN!
