Patience (I'm not so sure)
And anxious (if you should give up now)
A gentle stare across the room
(But he's got a lot to figure out)
A taste so jaded (don't hold your breath any longer)
And I'm only waiting for you

Set the pace for two hearts beating
Draw the kiss that keeps me hanging
Waiting for a sign
Carry on as no ones listening
The night is young and I'm not leaving
'Till it ends just right

She said
The room was spinning
I know you swept me off my feet
And maybe, tomorrow, you can
Come back if you still remember me

Make it real, make it last,
Though we're runnin' too fast
In the wrong direction
Here's your chance to start explainin'
I'm only, waiting for you

Set the pace for two hearts beating
Draw the kiss that keeps me hanging
Waiting for a sign
Carry on as no ones listening
The night is young and I'm not leaving
'Till it ends just right

Just settle, Keep breathing

Set the pace for two hearts beating
Draw the kiss that keeps me hanging
Waiting for a sign
Carry on as no ones listening
The night is young and I'm not leaving
'Till it ends just right

Set the pace for two hearts beating
Draw the kiss that keeps me hanging
Waiting for a sign
