Hello darkness, my old friend I've come to talk with you again Because a vision softly creeping Left its seeds while I was sleeping And the vision that was planted in my brain Still remains Within the sonud of silence

In restless dreams I walked alone Narrow streets of cobblestone 'Neath the halo of a street lamp I turned my collar to the cold and damp When my eyes were stabbed by the flash of a neon light That split the night And touched the sound of silence

And in the naked light I saw Ten thousand people, maybe more People talking without speaking People hearing without listening People writing songs that voices never share And no one dared Disturb the sound of silence
