Visit "[Inside My Heart](#)" on MotoLyrics.com

I'm bothered with the way you talk to me
With the way you move
And you whispered but I didn't hear a thing
'Cause you didn't say it clear
A I know you're in doubt
But you can't scream and shout
And you know that I hate it
Can you answer these questions:

Chorus:
Do you want to live inside my heart?
Would you cry with me into the dark?

Hey, look at me, can't you see that
I'm serious
That I love you so?
Come closer, please
Don't be afraid to risk everything on me,
'Cause I won't let you down
I won't spin you around
And I'm sure that I'm so sure.

(Repeat Chorus)

Adlib

(Repeat Chorus)
