I'm sorry for my mistake,  
I never meant to break the rules  
I was such a fool  
I never knew right and wrong  
That's why I'm singing this song to you

Chorus:  
Raise your hand, don't be afraid  
'Cause this is the night and  
We are the light of today  
Scream your name  
Don't hesitate  
'Cause this is our night  
And we are the light of today

I was too blind to see that the young ones  
Are looking up to me, my apologies  
I said never knew right and wrong  
That's why I'm singing this song to you  
To all of you  
(Repeat Chorus)

Adlib

Coda:  
Raise your hands... raise your hands...  
Raise your hands... raise your hands...

Adlib

(Repeat Coda)
