Please stop the sun light, please stop the sun.
The dark was comforting. I saw these dreams.

They're burying eyes in the glare.
But every time I try it's just isn't enough.
I swallow, I bleed, but every time I try I can't
Fucking succeed.
You're the reason, I'm alive.
Yes, you're the reason, I'll stay alive.
Alive!

I never saw what life can be until I met you.
But now I know, how hard it is to forget you.
You!
Forget you now!

I never saw, what life can be until I met you.
But now I know, how hard it is to forget you.

I never saw, what life can be until I met you.
But now I know, how hard it is to forget you.

I'll never stop, I'm gonna stop, just thinking
About it makes me want to breathe.
I'll never stop, I'm gonna stop, just thinking
About it makes me want to breathe.

I'll never stop, I'll never stop breathing,
I'm gonna stop, I'm gonna stop breathing.(x7)
I'll never stop, I'll never stop breathing.
Now!
This time I know, the sun is dead. (x6)(starts to fade)
