Just laugh at us, 'cause we don't
Care about what you think.
I believe what I believe x 2
You can't ever stop me
So don't even try.
For all the times that you made fun of us,
Look at us now, we're looking down on you
This is our time to shine rub it in
This time it's our turn to finally be
What we've always wanted to be.
We will not be put down for those
Who can't act.
No it just isn't fair
It just isn't fair x 2
WE WILL NOT!
We will not be put down for those
Who can't act it's not just a saying it's
What I it's what I believe in now that the tables
Are turn look at us now look at us now
So now this is fair?
So just laugh at us cause we don't
Care about what you think
I believe what I believe
I, pity all those who now kiss our ass
Believe, that you are all no good and so I ask:
What would you say if I asked you not to go?
Would you forget?
Would you forget?
Would you forget about us, and everything we did?
Should we forget everyone, who turned their back on
us?
I would forget them.
Show me that your still alive!
We will not be PUT DOWN!
We will not put down for those who cannot act
It is not just a saying
It's what I BELIEVE.
Show me that your still
ALIVE
And fuck everyone that made fun of us
That made fun of us.
