There comes my angel into my arms
Then there goes me, I'm pushed away.
This is how I am repaid for
For everything that I did for you.

She said

Today's the day what happened here on this day?
No more atmosphere
There's no more atmosphere
I'm here to stay so don't try to push me away
It's the least I can say so don't try to push me away.
I'm here to stay.

Oh my god what I have I done, what have I done.
I told her remember those times we spent together but
she just kept on
Saying the same thing that there's no more
atmosphere that there's no
More atmosphere and she can't breathe. I told her
straight.
She pointed up and asked me word for word. If I would
stay with her?
I said NO!
But inside I felt that feeling, that feeling of guilt and
regret.
Now it's sad that you are slowly dying and there's
nothing I
Can do about it, but mourn and weep for what I have
done
And there's always that voice in my head.

"saying you are selfish and there's nothing you can do
for her
But remember what she said"

Today's the day what happened here on this day
There no more atmosphere. There's no more
atmosphere
I'm here to stay so don't try to push me away
So don't try to push me away.
I'm here to stay.

Dear all unworthy
I will take this gun
And I shall end my life
To stop my conscience
From eating me alive

and the voice said
What would you say while she lays on her death bed
