If I could only find  
Someone else just like you  
I'd be so disappointed  
If I could only see  
The same way that You see things  
I wouldn't be so blind anymore  
I wouldn't be so blind anymore

It's a mystery to me  
A treasure that's worth seeking  
I've spent my whole life searching  
To know it's you I sought for all along  
To know it's you I sought for all along

If I could only find  
Someone else just like you  
I'd be so disappointed  
If I could only see  
The same way that You see things  
I wouldn't be so blind anymore  
I wouldn't be so blind anymore

Seek in the light  
Look under trees  
Follow you round  
Searching the seas  
Over the earth  
Under my sea  
Will I find you  
Will I find thine...mystery

It's a mystery to me  
A treasure that's worth seeking

I've spent my whole life searching  
To know it's you I sought for all along  
To know it's you I sought for all along

I am a pirate  
Who sailed the seven seas  
Seeking your treasure  
With love as my lead

I'm not giving up  
Until I find you  
Ay Ay says the sailor!  
Ay Ay says the sailor!

We won't give up searching!  
We won't give up searching!  
We won't give up searching!  
We won't give up searching!  
We won't give up searching!  
This is not the end!

Being that I can't see  
The fact that I can feel you  
If only I had you with me yeah  
A mystery to reveal  
A secret truly priceless...eh  
You we're right beside me all along  
You we're right beside me  
All along (all along)  
All along (all along)
