She's a girl
Up in the cold
And the sleeping man
You reached inside the drips
A glowing tear
Spilled on the boat
And the lighthouse beat
It's softly spoof

Lumen, Lumen
Lumen, I'll see you again
(See you again)

Just stand to life
Bathe in the lake
A fall down drift
Roll around
I found all the hurts
I see them both
Throughout the night
Clean out the ghosts

Lumen, Lumen
Lumen, I'll see you again
(See you again)
