Community saw the best in me
Exchanging the common heart for salt in the sea
Children of the sun on a highway of hope
Beauty of coming together in sorrow

Tahiti, we don't got no name
Tahiti, we don't got no home
Tahiti, we don't got no money
Tahiti, we don't got no honey

But we do the dishes
And we make the bread
We are powdered ashes
In the light of the beauty, he said

Wear those dark glasses
To help us see
Hot tears rolling down
And our arms are knitted all around you

Creatures of the night
On a highway of hope
The beauty that we'll leave
Each other tomorrow

Tahiti, we don't got no name
Tahiti, we don't got no home
Tahiti, we don't got no money
Tahiti, we don't got no honey
