It's the way you hold your glass
The way you smile when you walk past.
And when I see you stumble down the stairs
All I can do is stare, still I can't help but laugh.
When you sing your songs off key
And you always look to me
I'm hoping I give you a standing O
For the things that you don't see
For the things that you don't know.

Cause you're never not beautiful
You're never not magical
You're never not wonderful to me.
And when I see you lying there
So unashamed and unaware
I wish you knew the you I get to see.
You're never not magical
You're never not wonderful
You're never not beautiful.

When the tears run down your face
When your heart's about to break
And when you're at the bottom of it all
All I see is love, that's what you're looking for.

Cause you're never not beautiful
You're never not magical
You're never not wonderful to me.
And when I see you lying there
So unashamed and unaware
I wish you knew the you I get to see.
You're never not magical
You're never not wonderful
You're never not beautiful.

You're never not, never not
Never not, never not.

Oh baby
You're never not beautiful
You're never not magical
You're never not wonderful to me, to me, to me

And when I see you lying there
So unashamed and unaware
I wish you knew the you I get to see.
You're never not magical
You're never not wonderful
You're never not beautiful.

You're never not, never not
You're never not, never not
Girl, you're never not beautiful
