The club (Mmm, oh)

Hey, hey (Yeah)

Hey, hey (Yeah)

The club

I wanna go to a place

Where I've got nothin' to worry about, yeah (Yes, I'm
goin' out)

Wanna take a load off

Cause this road I'm travellin' on wore me out, yeah
(Yes, I'm goin' on)

I've been up and down the hills and valleys of life's
journey, yeah, yeah, yeah, oh (I'm goin' out)

But tonight I wanna renew my membership to do what I
do

{Party and groove} Party and groove {Oh}

Because I'm long overdue

If you feel like getting down

Spread your loving all around

Go to The club (If you feel like getting down)

The club

Glasses all around the place

Girls are all up in your face

Go to The club (When you go to The club)

The club

Always insane, the party tonight is off the chain

And it is alright, you can drink for free tonight

So leave your money at home, but run to the dance
floor

they're playing your song {Better believe, better
believe}

So take your girl by the hand {Mmm, mmm, to the
dance

floor}

And do your thing if you can {Whoa}, mmm, hmm
Fly high like a kite {Yeah, oh, mami, dance with me}
you're at The club, huh, baby, it's alright, yeah

If you feel like getting down (If you feel like
getting down)
Spread your loving all around (Go to The club)
Go to The club
The club

Glasses all around the place (Glasses all around the
place)
Girls are all up in your face
Go to The club
The club (If you feel like, if you feel like getting
down)

If you feel like getting down
Spread your loving all around
Go to the club (Go)
The club

Glasses all (Ooh, oh) around the place
Girls are all up in your face
Go to the club (Go)
The club (Everybody)

Everybodys dreams are free (Yeah)
You for me
But leave that trouble home {But leave that trouble
home}
Take somebody by the hand {And party}, hey...
{Let the music set you free} Let the music set you
free
Come on ladies, sing along {Yeah, hey}
While the deejays getting on
If you're not dancing {You know} you're dead wrong

If you feel like getting down
Spread your loving all around (Do you feel like
getting down, yeah)
Go to the club
The club (Oh, oh, oh, oh)

Glasses all around the place (All around)
Girls are all up in your face (Oh, yeah)
Go to the club (Whoa...)
The club (Baby)

If you feel like getting down
Spread your loving all around (Do you wanna go, lets

go)
Go to the club (Go, whoa)
The club

Glasses all (Ooh, oh) around the place
Girls are all up in your face (Lets go)
Go to the club (Go to the club)
The club

If you feel like getting down (Come on)
Spread your loving all around (Ooh, come go with me)
Go to the club (If you feel like getting down)
The club (Come go with me)

Glasses all around the place (Come go with me)
Girls are all up in your face (Come go with me)
Go to the club (Come go with me)
The club
