Twilight burn across the sky  
Time has come the doom is near  
Stillness rules this cloudless night  
Armageddon is here

Woe to you  
Earth and Sea  
TOTAL DESTRUCTION

12 days of total eclipse  
Yet the stillness rules this night of mist  
But slowly clouds of death are forming  
The time has come to Reap

Burning skies  
Battle cries  
TOTAL DESTRUCTION

The end of mankind universe  
So many battles yet to fight  
Take heed foe ever learn  
When the bells chime THE RETURN...

Screams of fear  
The doom is here  
TOTAL DESTRUCTION
