[Caddillac Tah]
POV City!, uh
Yeah, Gangster
Come on, yo, uh

[Verse 1: Caddillac Tah]
Yo, niggas I pop 'em because my hood is filled wit'
hustlers than robbers
Glocks & revolvers
It's Pearl Harbor
In the saga
It begins
Nigga never ended
So if you ever visit
POV City!
You know we get grinnin'
When the cracks get bubbled
The stacks get doubled
It's spots get ready
& we strip the sign after days
I pick 'em up & shake 'em let the dice
Beat the deuce twice
Get 'em for a 3 real quick
& spin for the chips
Might even blow it on a dumb bitch
Cause I just wanna have fun
With the way she lick her tongue
It's murder! Nothin' gonna stop the pain
It's murder! Forever on top we stand
My options went
Days bend
Over it's only 1 life
1 way to live it out
Nigga gun play it out there
Figure out
The nigga out
It's my life so I'm livin' out
The raps you spittin' out

Player, POV City blues

[Chorus 2 Times: Caddillac Tah]

Nigga, you lose
When I got the POV City blues
You lose
When I take the casket jewels
Nigga, you lose
Cause I ain't got nothin' to lose
So play by the rules
Or get lift out your shoes
POV City

[Verse 2: Black Child]

We gutter gangsters
POV City hustlers
Predicate gutters
Repeat felony gun busters
It's murder motherfucker!
B-L-A-C-K C-H-I-L-D
Who be in the hood like me
Sellin' raw lethal
To more poor people
POV City!
We a bite the hand that feed you
& What are hoes?
Are ridiculous, they be on the block shootin' 5 over
stupid shit
You think I'm cupid bitch
That ain't it
It's the bling from the Benz, from the rim
From the whip
They'd be fiendin' for the dick
When I'm leanin' in the 6
Me & Tah Murdah skemin' on the brick
It's a hood in every hood
Nigga, don't get it confused
But you lose
When they feel the POV City blues

[Chorus 2 Times]
