Wednesday night minute hands pointing downwards
As we bow our heads and close with a thank-you prayer
to Jesus
For this time we've gathered amen
Look up everyone has sparkles in their eyes

Taco Bell
Where we go to chill every Wednesday
Got to tell, all your friends to come

Gorditas
We love Jesus
Challupas
He has saved us
From oblivion

So come join us at Taco Bell

At the bell get in line gettin' crazy

As the girl asks me what I want with a smile
I say we are rockin this place just for Jesus
And we want you to come rock with us!

Going to Taco Bell
Where we go to chill every Wednesday
Got to tell, all your friends to come

Gorditas
We love Jesus
Challupas
He has saved us
From oblivion
All this sin, are forgiven.

Some come join us at Taco Bell
