"Why Have I Lost You"

Today I'm just a lonely man
But tommorow I'll be a king
Blessing all my subjects
Cast afar and securities

The whole wide world wll watch me
As I walk up to my throne
Nights in shining armor
Stand around to heed my call

But wait a minute
I'm still lonely
I guess anyone can dream
But when you lose someone it seems
So unimportant

Although every person changes
Different times and differrent ways
But never all the same

Chrous 2x:
Tell me why(Why)
Have I lost you(Have I lost you baby)
Why(why)
Tell me ooohhhhhh
