Yeah dream a dream for me

That one and one will someday be free

Oh boy I know

The crucial blow

They deal us every day

I feel it too

But need for you

To chase your blues away

But if my heart

Should come apart

My love should turn inside

I'll understand

You're just a man

I'll still be on your side

When I close my eyes to trouble

Baby I see you

And now I have the need to double

Everything I do

So I close my eyes and make a wish

Yeah dream a dream for me

That one and one will someday be free
