Something's missing
a part of you is gone, gone
and i can't take this
it's tearing me apart, apart
I see you standing next to me
there is nothing better
can i tell you what you mean to me?
if only it's the last
pictures painting the way you look at me, me
and i can't understand what's happening to me, to me
I see you standing next to me
there is nothing better
can i tell you what you mean to me?

If only it's the last
I see you standing next to me
there is nothing better
can i tell you what you mean to me?
if only it's the last forever
forever
forever
forever
ohhhhhhohhhh
I see you standing next to me
there is nothing better
can i tell you what you mean to me?
if only it's the last forever
this will last forever, forever
