This isn't how it was
Meant to end
A cold loneliness
Is all that's left

What good is all you have?
What good is all you have?

Come back down to Earth
You're not done yet
You're quiet and alone
At the top of the world
If you miss your chance to
Save the day, don't cry
You're not done yet

Your friends are hard to count
Count on them
Lying in the emptiness
Of your regret

What good is all you have?
Did you lose yourself?
What good is all you have?

Come back down to Earth
You're not done yet
You're quiet and alone
At the top of the world

If you miss your chance to
Save the day, don't cry
You're not done yet

I am afraid
I am afraid
Of losing you

I am afraid
I am afraid
Of losing you

Come back down to Earth
You're not done yet
You're quiet and alone
At the top of the world
If you miss your chance to
Save the day, don't cry
You're not done yet

Come back down to Earth
You're not done yet
You're quiet and alone
At the top of the world
If you miss your chance to
Save the day, don't cry
You're not done yet

Not done yet
