I'm too cool for my dress

These shades don't leave my head

Everything ya say is so irrelevant

You follow and I lead

You wanna be like me

But you're just a wannabe

Love it or hate it

I can't help the way I am

Hope you don't misunderstand

But I'm too cool, too cool

I'm too cool to know you

Don't take it personal

Don't get emotional

You know it's the truth

I'm too cool for you

You think you're hot

But I'm sorry you're not

Exactly who you think you are

Can't tell you what that you haven't got

but when we walk into the room

I'm too cool for you

You're lucky I'm so nice
Even I'm suprised
You are still allowed to be in my crew
I'll show you how it's done
If you wanna be someone
Just watch me and you'll learn some
Me, myself and I agree
You'll never catch up with me
'Cause I'm too cool, too cool
I'm too cool to know you
Don't take it personal
Don't get emotional
You know it's the truth
I'm too cool for you
You think you're hot
But I'm sorry you're not
Exactly who you think you are
Can't tell you what that you haven't got
But when we walk into the room
I'm too cool for you
You see some are born with beauty
Brains and talent and they got it all
while others simple try all their lives
still they never got the call
That's the difference between you and me

Obviously, I'm a neutral
I'm the real deal, yeah
I can't help the way I am
Hope you don't misunderstand
But I'm too cool, too cool
I'm too cool to know you
Don't take it personal
Don't get emotional
You know it's the truth
I'm too cool for you
But I'm too cool, too cool
I'm too cool to know you
Don't take it personal
Don't get emotional
You know it's the truth
I'm too cool for you
