Who's got what it takes to be my guy  
What it takes to make me shine  
What it takes to get me fired up?  
Who's got what it takes to be my beau  
What it takes to make me glow  
What it takes to make this beat flow?  
Everyone talks about what they think they need  
They're makin' up a list of things one, two, three  
Everyone is different but where we can agree  
Every girl wants her boy to treat her sweet  
Don't think that being mean will get you anywhere  
Don't think that acting cool will make me wanna care  
I just need your respect if you're gonna be the one  
And if you must apply then try to get the job done  
Who's got what it takes to be my guy  
What it takes to make me shine  
What it takes to get me fired up?  
Who's got what it takes to be my beau  
What it takes to make me glow  
What it takes to make this beat flow?  
Talk can be so cheap so I just look for your actions  
Be good to me if you want my attraction  
Maybe I just want too much but I don't really care  
I know I'm worth it and I know he's out there  
Wait, wait you might be a contenda  
Hey, hey, can I borrow your sweatshirt?  
Normally I'm not the one to say hello first  
But if I didn't I might miss out and that might hurt  
Who's got what it takes to be my guy  
What it takes to make me shine  
What it takes to get me fired up?  
Who's got what it takes to be my beau  
What it takes to make me glow  
What it takes to make this beat flow?  
I've been contemplating what it takes  
To make me give my heart, could you be the one?  
Standing in the crowd I'm waiting to find out  
I'm waiting, waiting, waiting, oh  
Who's got what it takes to be my guy  
What it takes to make me shine  
What it takes to get me fired up?

Who's got what it takes to be my beau  
What it takes to make me glow  
What it takes to make this beat flow?  
Who's got what it takes to be my guy  
What it takes to make me shine  
What it takes to get me fired up?  
Who's got what it takes to be my beau  
What it takes to make me glow  
What it takes to make this beat flow?
