I would leave My world behind  
Give up everything that's mine  
If I could know you  
I would leave behind My home  
Enter your world all alone

If I could find you  
It doesn't matter if you run away  
It doesn't matter if you hide  
I would leave my world far behind  
This love inside of Me; it's never gonna die  
And I don't care how far away you roam  
No I don't care how far away you roam  
I'll come running out with open arms to welcome you  
back home  
I'll come running out with open arms to welcome you  
back home

I would love to see our name  
Engraved upon a picture frame  
On my mantle

I would love to see your face  
Every morning as you wake up  
To see Me  
I just wish that I could talk to you  
Because I love you more than life
