Land of the Gods  
Home for their human forms  
You see the same stars  
From their distant realm  
Mystic path you sail  
To reach their presence  
One part of mortal world  
Creation, the Great Song

There's a land beyond the great sea  
The final place of real harmony  
To the shores of a far-away realm  
Those lands my dream and my destiny  
From the elven bay of Lhun  
Our great journey shall begin  
West our ships are heeding  
To the harbour of the far away land divine

Over the deep waters  
Facing the thundering winds  
May Ulmo be on my side  
All the way to the Enchanted Isles

Sailing the magical ships  
A journey over the sea  
Straight Road along the elves  
Beyond the Spheres of the world

Somewhere behind the horizon  
Two realms of Undying Lands

Valinor home of the Valar  
Eldamar the elven domain

Without fear to the unknown sea  
Forward with full sails  
White ships of elven wood  
Catching the fair wind  
Soon I shall see my dream  
The fate I truly believed  
Land of magic and fantasy  
Place for my final rest

Farewell my mortal friends  
My time with you will be over  
Hail the home of gods  
Share my joy when I'm gone

Sailing the magical ships  
A journey over the sea  
Straight Road along the elves  
Beyond the Spheres of the world

Over the deep waters  
Facing the thundering winds  
May Ulmo be on my side  
All the way to the Enchanted Isles

Shall I ever see that coast  
Kingdoms of Tirion and Alqualonde  
Heart of the higher races  
The realm of the gods, my eternal home
