When I longed for you
You came to me over the seas
To show me the way

Unquiet is my heart
I have to go and see
Even though we will be apart
You must have faith in me
As I set my sails

This is my journey
Over the oceans

This is who I am
This is my journey
Over the oceans
On the last shore I shall stand

Forever from the dawn
Through the Door of Night
Up into the oceans of heaven

Surun suuren hunnun alla
HÄdÄn hÄtÄisen uhalla
Laski venhon vetten pÄÄlle

Ukon ankaran aalloille

KÄvi ovesta ikiyÄn
Alle ainaisen aamun
Hiljaisuuden hautuumaille
MeriltÄ mieron myrskyn

TykÄ suuren ja mahtavan
Maille maailman luojan
Puhui puhtahaksi puutteen
Sanat soitteli suruisat
