right lane right turn only the sign said
down on crescent heights and fountain
careful there are children crossing
don't know why i don't know stopping

it's such a relief you're next to him
and not with me or on my tip

what's up buttercup?
when i am down and all washed up
you make me feel better
hey there cubby bear
where'd you go? i dont' care
i wish i could own you
play dead sleepy head
what the hell have i just said?
i thought i knew better
woe is me i set you free
now you won't come back to me
i wish i could hurt him

it's such a release you're next to him
and not with me or on my tip
i'll never sleep again
i'll never know the way
i'm going out my head
it's all the same

right lane right turn only the sign said
down on crescent heights and fountain
careful there are children crossing
don't know why i don't know nothing

it's such a release you're next to him
and not with me or on my tip
i'll never sleep again
i'll never know the way
i'm going out my head
it's all the same
i'm going out my head
it's all the same
i'm going out my head
