You held me up when I was down,
Said everything without a sound,
Yeah, you're beautiful,
Now you fill me up like a ghost,
When you're far away you're always close,
Our chain is unbreakable,
Whatever happens, wherever I go,
I want you to know,

(Chorus)

That I'm driving blind,
And I'm half-alive,
Spinning around,
When you're not here my feet don't touch the ground,
Day and night,
What's lefts not right,
I'm upside down,
Losing you is turning me inside, turning me inside out,

And all the words I might have said,
Got twisted up instead and I,
I wish you were here tonight,
It feels so cold inside this place,
So alone, surrounded by your space,
I'm empty now,
Whatever happens, where I go,
I want you to know,

(Chorus)

If you could see me now,
Would you save me?
Before I crash to the ground,
Can you hear me?

(Chorus)

Turning me inside, turning me inside out,
Turning me inside out,
