(Theresa)

Love i get so lost sometimes
days pass and this emptyness fills my heart
when i want to run away i drive off in my car
but which ever way i go i'll come back to place you are

(Jacob)

all my instincts they return
and this ground for sought so soon will burn
without a noise and without my pride
i'll reach out from the inside

(Theresa and Jacob in the background)

in your eyes

(Kalan)

In your eyes the light that heals
i am complete, i see the door
to a thousand churchs
the resolution
of all the fruitless ages
oh i see the light in you
oh i wanna be that complete i wanna douce the light
that heals
i see in your eyes

(Theresa)

Love, i don't like to see so much pain
so much wasted
and this moment keeps slipping away

(Jacob)

all my instincts they return
and this ground for sought so soon will burn
without a noise and without my pride
i'll reach out from the inside

(Kalan)

in your eyes the light the heals
i am complete
i see the door to a thousand curches

(Jacob)
the resolution of all the fruitless ages
oh i see the light in you

(Kalan)
the light that heals

(Theresa)
oh i wanna be that complete
i wanna touch the light that heals
i see in your eyes

(Kalan)
in your eyes

(Jacob)
in your eyes

(Theresa)
in your eyes

(All)
in your eyes
